Meridian PRO Sighting Compass (381220)

The Meridian PRO features both a flip-up sighting prism and a rotating bezel, allowing this compass to be used as a traditional hand-held compass or as an optical sighting transit.

- Durable aluminum body
- Fluid-filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Integrated Clinometer
- Bubble level
- 1/4 inch thread for tripod attachment
- Thumb holder ring
- Flip-up sighting prism
- Clear lid with sighting line
- Cordura carry case with belt loop
- Luminescent bezel and north points
- Inch and mm scales
- Metal bezel with 0-360 azimuth scale (5 degree resolution)
- Internal compass card with 0-360 azimuth scale and reciprocal scale. (1 degree resolution)

Meridian PRO w/Luminous Card (381220LUM)

Meridian PRO w/MILS Scale and Luminous Card (381220MIL)

Dimensions: 3.9" x 2.5" x 1.2"
Weight: 7.4 oz.

Meridian Sighting Compass (381120)

Very similar to the Meridian PRO, this standard Meridian does not feature the integrated clinometer, and features an optical diopter lens instead of a flip-up prism for optical sighting.

- Durable aluminum body
- Fluid-filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Bubble level
- 1/4 inch thread for tripod attachment
- Thumb holder ring
- Sighting lens with diopter adjustment
- Clear lid with sighting line
- Cordura carry case with belt loop
- Luminescent bezel and north points
- Inch and mm scales
- Metal bezel with 0-360 azimuth scale (5 degree resolution)
- Internal compass card with 0-360 azimuth scale and reciprocal scale. (1 degree resolution)

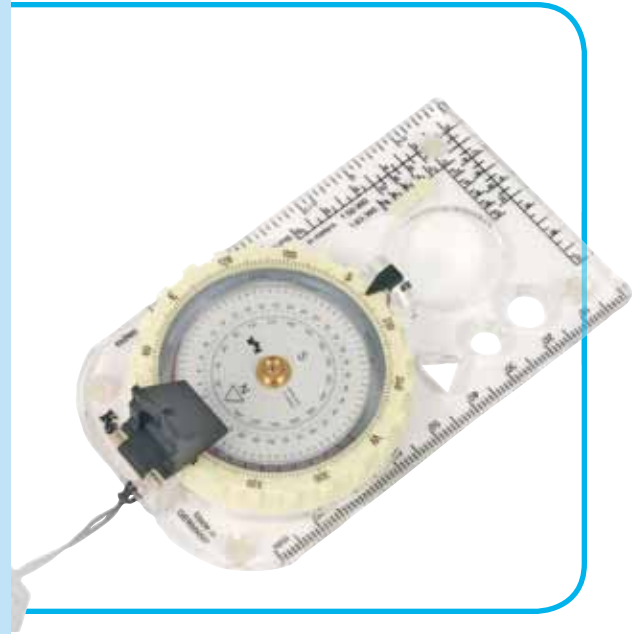

Dimensions: 3.5" x 2.5" x 1.2"
Weight: 7.0 oz.

Alpin PRO Sighting Map Compass (381920)

The very unique Alpin PRO works as a standard baseplate compass with a 2 degree resolution bezel, or flip up the sighting prism for a precise reading of the internal compass card with one degree resolution.

- Transparent baseplate with rubber feet
- Flip-up sighting prism
- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Luminescent bezel with 0-360 azimuth scale (2 degree resolution)
- Internal compass card with 0-360 azimuth scale and reciprocal scale. (1 degree resolution)
- Integrated clinometer (0-90 deg; 1 deg resolution)
- Cut-outs for map marking
- Luminescent navigation points
- 1:25,000; 1:50,000; 1:63,300 map scales
- Magnifying lens
- Cm and inch ruler
- Nylon carry case with belt loop

Dimensions: 4.1" x 2.4"
Weight: 1.7 oz.

Horizon Map Compass (381810)

Utilizing the same baseplate as the Alpin Pro, but with a traditional needle instead of an internal compass card, the Horizon still offers a wide selection of map scales and features.

- Adjustable declination
- Transparent baseplate with rubber feet
- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Luminescent bezel with 0-360 azimuth scale (2 degree resolution)
- Internal compass card with 0-360 azimuth scale and reciprocal scale. (1 degree resolution)
- Integrated clinometer (0-90 deg; 1 deg resolution)
- Cut-outs for map marking
- Luminescent navigation points
- 1:25,000; 1:50,000; 1:63,300 map scales
- Magnifying lens
- Cm and inch ruler
- Comfortably wide neck lanyard with release

Dimensions: 4.1" x 2.4"
Weight: 1.7 oz.

**NEW MAP
SCALES**

Alpin Sighting Compass (385110)

Created with and tested by the BRK mountain rescue service, this feature rich precision instrument was designed with durability in mind.

- New Adjustable declination
- Triple sighting system
- Unbreakable polished aluminum sighting mirror
- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Integrated clinometer (0-90 deg; 1 deg resolution)
- Transparent baseplate with rubber feet
- 1:24,000 and 1:63,360 map scales
- Degrees/percent conversion table
- Luminescent bezel and navigation points
- 0-360 degree azimuth scale (2 degree resolution)
- Cm and inch ruler
- Magnifying lens
- Cut-outs for map marking
- Comfortably wide neck lanyard with release

NEW

Alpin w/Metric Scales (385110MET)

Alpin w/MILS Bezel and Metric Scales (385110MIL)

Dimensions: 2.5" x 4.3"

Weight: 2.5 oz.

**NEW MAP
SCALES**

Sherpa BW2 Sighting Compass (385010)

Built with all the same highly durable features as the Alpin, the Sherpa BW2 is only lacking the clinometer and luminous bezel.

- Adjustable declination
- Triple sighting system
- Unbreakable polished aluminum sighting mirror
- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Transparent baseplate with rubber feet
- 1:24,000 and 1:63,360 map scales
- Luminescent navigation points
- 0-360 degree azimuth scale (2 degree resolution)
- Cm and inch ruler
- Magnifying lens
- Cut-outs for map marking
- Comfortably wide neck lanyard with release

Dimensions: 2.5" x 4.3"

Weight: 2.5 oz.

Lumo Tec Sighting Compass (382210)

Don't be fooled into thinking this is a small micro compass. This compass features the same full size capsule and luminescent bezel as the Alpin, just with a shorter baseplate and mirror.

- Adjustable declination
- Durable ABS baseplate and mirror case
- Triple sighting system
- Unbreakable polished aluminum sighting mirror
- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Integrated clinometer (0-90 deg; 1 deg resolution)
- Luminescent bezel and navigation points
- 0-360 degree azimuth scale (2 degree resolution)
- Comfortably wide neck lanyard with release

Dimensions: 3" x 2.25"
Weight: 2.0 oz.

M1 Sport Sighting Compass (382110)

Just like the Lumo Tec, but without the luminescent bezel and adjustable declination, the M1 Sport features a full-size compass capsule and triple sighting system for improved accuracy.

- Durable ABS baseplate and mirror case
- Triple sighting system
- Unbreakable polished aluminum sighting mirror
- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Luminescent navigation points
- 0-360 degree azimuth scale (2 degree resolution)
- Comfortably wide neck lanyard with release

Dimensions: 3" x 2.25"
Weight: 2.0 oz.

Special MILS Compass (38210)

The Special offers a mils scale (in addition to the standard azimuth scale) compass in more traditional hiking compass design with rotating bezel -- as compared to a military lensatic compass

- Case and lid made of shock resistant black plastic
- Unbreakable polished aluminum sighting mirror
- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- 0-6400 mils scale (100 mil resolution)
- 0-360 degree azimuth scale (5 degree resolution)
- Cm and inch ruler
- Luminescent navigational points
- Comfortably wide neck lanyard with release

Dimensions: 2.3" x 3.0"
Weight: 1.4 oz.

Dakar Lensatic Baseplate Compass (386270)

The Dakar is a unique compass that functions just like a direct-read military style lensatic compass with the flip-up optic, but instead of being built in a solid metal casing the Dakar lensatic compass is built onto a clear baseplate.

- Adjustable declination
- Lensatic sighting optic
- Clear lid with sighting lines also functions as an extended baseplate
- Fluid filled dampening
- Internal compass card with 0-360 Azimuth scale (1 degree resolution)
- 1:24,000; 1:25,000; 1:63,360 map scales
- Cm/mm and inch (1/20th) rulers
- Cut-outs for map marking

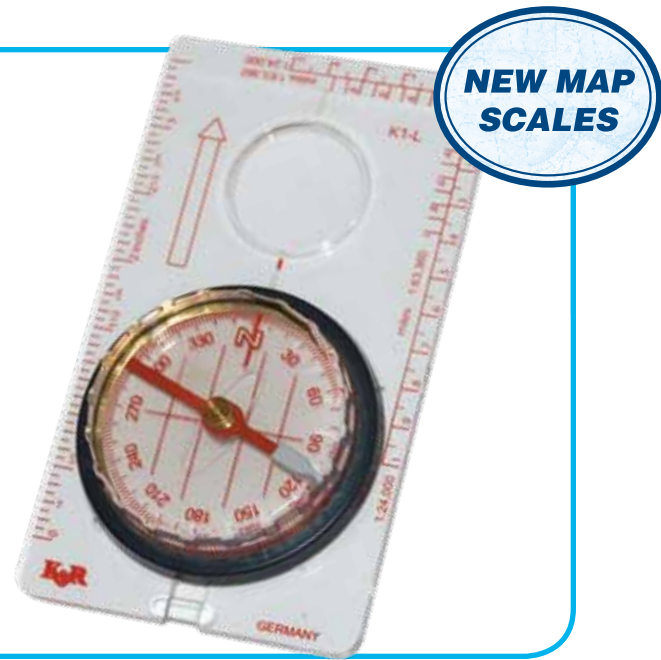

Dimensions: 2.25" x 3.25"
Weight: 1.8 oz.

K1-L Map Compass (382410)

The K1-L features a rotating 0-360 degree azimuth scale like any other traditional compass, but its unique bezel-free design can make your map reading more accurate, since the clear azimuth scale can be laid directly onto your map.

- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Bezel-free 0-360 degree azimuth scale (2 degree resolution)
- Clear baseplate with magnifying lens
- Luminescent navigational points
- 1:24,000 and 1:63,360 map scales
- Cm ruler
- Comfortably wide neck lanyard with release

Dimensions: 4.1" x 2.4"
Weight: 1.4 oz.

K1 Map Compass (382310)

Built just like the K1-L, but on a shorter baseplate for more convenient packing and storage. This may be the most durable baseplate compass available -- anywhere.

- Fluid filled dampening
- Thermo-elastic capsule for durable bubble-free performance
- Bezel-free 0-360 degree azimuth scale (2 degree resolution)
- Luminescent needle tip
- 1:24,000 map scale
- Cm and inch ruler
- Comfortably wide neck lanyard with release

Dimensions: 3.2" x 2.4"
Weight: 1.1 oz.

Nautica Desk Compass (387851)

This compact but heavy-weight desk compass makes a great first impression. Arriving in a foam-inlayed gift box your gift is not only kept safe, but presented nicely.

- Thick polished brass housing and lid
- Nostalgic compass dial
- Perfect for engraving
- Packed in a gift box with foam insert
- Dry compass capsule

Diameter: 2.1"
Height (with lid): 0.6"
Weight: 3.9 oz.

Eclipse Desk Compass (387751)

This attractive desk compass features a high-polished silver colored zinc body with a fluid filled capsule, and felt bottom.

- Heavy duty, highly polished zinc body
- Fluid filled dampening
- 0-360 degree azimuth scale (5 degree resolution)
- Aluminum presentation box with foam inlay

Diameter: 2.3"
Height: 0.5"
Weight: 4.8 oz.

Orbit 3 - Nickel Pocket Compass (387420)

The Orbit 3 pocket compass is a small compass that offers a handy way to keep your bearings about you. The dry compass capsule houses an agate-bedded compass needle inside an azimuth ring featuring 2 degree resolution.

- Polished nickel plated brass housing
- Hinged lid with friction fit
- 0-360 degree azimuth scale (2 degree resolution)
- Dry compass capsule

Diameter: 1.8"
Thickness: 0.6"
Weight: 1.3 oz.

Orbit 3 - Brass Pocket Compass (387320)

The Orbit 3 pocket compass is a small compass that offers a handy way to keep your bearings about you. The dry compass capsule houses an agate-bedded compass needle inside an azimuth ring featuring 2 degree resolution.

- Brushed gold brass housing
- Hinged lid with friction fit
- 0-360 degree azimuth scale (2 degree resolution)
- Dry compass capsule

Diameter: 1.8"
Thickness: 0.6"
Weight: 1.3 oz.

NEW

AMALFI Desk Compass (387951)

The AMALFI brass desk compass is the perfect business gift. Housed in a hinged wooden box, the removable brass compass features a felt back and makes a beautiful paperweight. The heavy-weighted AMALFI brass desk compass is the same size as the Eclipse desk compass and also features a liquid filled compass capsule, but the solid brass body and the wooden box are in stark contrast to the bright silver color of the Eclipse in the aluminum box. The tightly grooved surface of the AMALFI is not designed for engraving.

- Brass compass
- Includes wooden display box
- Liquid filled capsule
- Felt Bottom
- 0-360 degree azimuth scale (10 degree resolution)

Compass Diameter: 2.3 in
Compass Height: 0.5 in
Box Dimensions: 3.4"x3.4"x1.0"
Total Weight: 6.2 oz

Orion Compass (381051)

This compact compass folds up to a convenient 2.5" x 2.2" x 1.25", and even features an integrated belt clip on the back side to keep your compass close at hand.

- Fluid filled dampening
- Rotating capsule with 0-360 degree azimuth scale (5 degree resolution)
- Integrated belt clip on back side
- Hinged protective lid
- Rotating capsule

Dimensions: 2.5" x 2.2" x 1.25" (closed)
Weight: 1.5 oz.

Cordura Compass Case (530518)

The padded black Cordura case features a Velcro® closure top with an integrated belt-loop on the back. And each case is sized perfectly to hold any of your K&R compass products.

- Easy-open Velcro® closure
- Padded Cordura body
- Integrated belt loop

Outside Dimensions: 4.5" Wide x 5.75" High

Inside Dimensions: 3.8" Wide x 5.1" High

Color: Black

Weight: 1.1 oz

Mini 2 Vehicle Compass (625020)

This extremely compact fluid filled vehicle compass from K&R features adjustable compensators that allow you to make the necessary adjustments for the magnetic interference caused by your vehicle.

- Fluid filled capsule
- Cardinal Markings (N, NE, E, SE, S, SW, W, NW)
- 0-360 degree azimuth scale (10 degree resolution)
- Rotating base for horizontal or vertical mount
- Foam backed adhesive strip on bottom of base mount
- Compensation for vehicle and/or declination

Dimensions: 1.6" x 1.5" x 1.7"

Weight: 0.9oz.

MAP MEASURERS

Online 5 Professional Map Measurer (154080)

The Online 5 is a precision map measurer suitable for engineering, construction, or surveying.

- Individual scale settings for all maps worldwide
- 9 different memory locations for commonly used scales
- 8 memory locations preset
- Forward and reverse measuring possible
- Charting distances in mm, cm, m, km, inches, feet, miles, or nautical miles
- Metric and Standard measurement systems
- Auto on/off function
- Brass measuring wheel
- Protective case

Dimensions: 5.9" x 1.9" x 0.6"
Weight: 1.6 oz.

Online 1 Digital Map Measurer (155010)

The compact size and programmable scales make this map measurer the perfect fit for all your road maps and hiking maps.

- Scales range from 1:100 to 1:99,999,999
- Pocket calculator
- Clock and countdown timer
- Integrated mini map light
- Mini-compass on the back
- Plastic measuring wheel
- Integrated key chain

Dimensions: 3.9" x 1.8" x 0.7"
Weight: 1.4 oz.

Rallye Map Measurer (191910)

This double-sided map measurer is small, lightweight, and offers a wide range of map scales and distance measurements.

- Plastic housing
- Rotating counter
- Fast reset-to-zero
- Precise metal measuring wheel
- Metric Scales: 1:15,000; 1:20,000; 1:25,000; 1:50,000; 1:100,000
- Standard Scales: 1:24,000; 1:62,500; 1:250,000; inch ruler

Dimensions: 4.7" x 1.9" x 0.4"
Dial Diameter: 1.6"
Weight: 0.7 oz.

Classic Map Measurer with Ring (141970)

With durable precision, the double-sided Classic map measurer features a metal body in a short compact design.

- Metal housing
- Rotating counter
- Fast reset-to-zero
- Precise metal measuring wheel
- Metric Scales: 1:25,000; 1:50,000; 1:100,000; cm ruler
- Standard Scales: 1:24,000; 1:62,500; 1:250,000; inch ruler

Dimensions: 3.2" x 1.6" x 0.5"
Dial Diameter: 1.4"
Weight: 1.5 oz.

OnTour Architects Scale (132910)

This architect scale features the most common inch to 1 foot plan scales.

- Metal housing
- Rotating counter
- Fast reset-to-zero
- Precise metal measuring wheel
- Scales: 1/2" to 1'; 1/4" to 1'; 1/8" to 1'
- Inch/Foot ruler

Dimensions: 3.5" x 1.6" x 0.5"
Dial Diameter: 1.4"
Weight: 1.6 oz.

PEDOMETERS

NightWalker 12 Analog Pedometer (322710)

This battery-free mechanical pedometer with an award winning design is manufactured in Germany with Swiss precision parts.

- Luminescent dial
- 1/4 mile graduations
- 1 turn equals 12 miles
- Step length adjustable from 1 to 3-1/2ft

Dimensions: 2.0" x 2.1" x 0.9"
Weight: 1.5 oz.

Walker 25 Long Analog Pedometer (341710)

The battery-free Walker 25 features the same Swiss components as the Nightwalker, but with an extended clip and a face with a 25 mile single rotation scale.

- 1/4 mile graduations
- 1 turn equals 25miles (40 km)
- Step length adjustable from 1 to 3ft

Dimensions: 4.2" x 2.1" x 0.7"
Weight: 1.5 oz.

My Fitty Digital Pedometer (393620)

This digital pedometer can calculate your walking or jogging distance into kilometers or miles, all while estimating your calorie consumption.

- Step counter up to 99,999
- Counts trip km or miles up to 9,999
- Counts total km or miles up to 9,999
- Calorie consumption
- Trip timer
- Body Mass Index (BMI)
- Body Fat %
- EL-Backlight
- Large number for easy read-out

Dimensions: 3.1" x 1.9" x 0.8"
Weight: 1.6 oz.

Fitness Coach Digital Pedometer (393520)

The Fitness Coach is a great compact digital pedometer, capable of tracking both your number of steps and miles traveled.

- Step counter up to 99,999
- Counts miles up to 9,999
- Adjustable stride length
- Calorie consumption
- Clock
- Timer

Dimensions: 2.7" x 1.7" x 0.9"
Weight: 1.2 oz.
